Nancy,

I have been advised to issue the Certification once you advise of whether the buyers want to change the name of the facility in both cases. (18-0981 & 18-0982)

Hello Lacey,

Thank you for taking my call today. This follow-up is specifically in regards to Dockets 18-0981 and 18-0982. I apologize, but I realize now that I was not aware of the new System Change in Ownership Form in time to use it in these two situations. Also, I realize it is going to be very difficult to obtain the signatures from the Sellers. I am hoping that for these two Dockets, an exception can be made and the old Form will be acceptable. Please find below the new facility names for both systems.

Docket 18-0981

New Facility Name: Brooks, Steven and Ann Loar Residence - S & A L Brooks

Docket 18-0982

New Facility Name: Lavery, Peter and Hupp, Kelly Residence - P Lavery & K Hupp

If the new System Change in Ownership Form is indeed required for these two Dockets, then I am hoping we can use a combination of both the old and new forms. I could engage the Buyers and have them fill-out the new form. Then supply the old form with the Sellers' information.

I really appreciate you taking into consideration my request and look forward to hearing back from you.

Thank you,

Nancy Strahan

Greetings,

Please see the attached EER Certification.

Dockets 18-0981 and 18-0982 will have to be updated with the correct System Change in Ownership Form. I believe the old format was used. The correct form can be found here:

<https://dep.sc.delaware.gov/delawares-renewable-portfolio-standard-green-power-products/>

Once the appropriate revisions have been made, Please file the revised applications to Delafile so that we can process your certification.
